

### Remarks and Arguments

Claims 1-20 have been presented for examination.

Claims 1-20 have been rejected under the judicially-created doctrine of obviousness-type double patenting as unpatentable over pending application numbers 09/965,218; 10/092,070 and 09/975,485. The examiner comments that although these applications do not contain identical claims, the claims of the instant application are not patentably distinct. In response, applicant submits herewith a terminal disclaimer disclaiming the term of any patent granted on this application over any patent granted on the three cited applications in order to overcome the rejection.

In light of the forgoing amendments and remarks, this application is now believed in condition for allowance and a notice of allowance is earnestly solicited. If the examiner has any further questions regarding this amendment, he is invited to call applicants' attorney at the number listed below. The examiner is hereby authorized to charge any fees or direct any payment under 37 C.F.R. §§1.17, 1.16 to Deposit Account number 02-3038.

Respectfully submitted
